

## Hand nozzles Ø 40 mm

### Hand nozzles for high vacuum cleaning system

---

Nederman has the right cleaning equipment for your own requirements

Keeping the work space clean is not only an investment in a better working environment, it also prevents unexpected stoppages of machines that may be caused by a dirty working environment.

Nederman offers equipment and accessories for cleaning a wide variety of different surfaces including floors, benches and machines, and it is easy to change between different equipment and accessories.

Floor cleaning equipment is offered in three sizes: 38 mm, 51 mm and 63 mm. The dimension refers to the inside diameter of the hose being used.

The 38 mm cleaning unit is flexible and easy to handle. It is mainly used for light cleaning of fine dust.

- 
- Can be used on many different types of surfaces
  - Easy to use
  - Wide range of accessories
