

## Industrial vacuum cleaner 55 S

Dry vacuum cleaner useful in most applications with dust from tools or cleaning operations within industry

The 55S is a efficient three phase compact industrial vacuum cleaner. A very efficient, economical, low noise level and easy to handle dry vacuum. The vacuum is very easy to dismantle and clean. This portable dust collector has long filter lifetime 4-6000 h (with bag filter). The location of the (optional) micro filter prevents contamination of the pump. The forward/reverse switch saves time when moving between work sites with different phase sequence.

- Long filter lifetime (4-6000 hours)
- Low noise level
- Micro filter as option
